

# TTR Customized Flag Ordering Process

This is the instruction to facilitate ordering of a custom TTR Logo garden flag or garage flag from the Amazon Website.

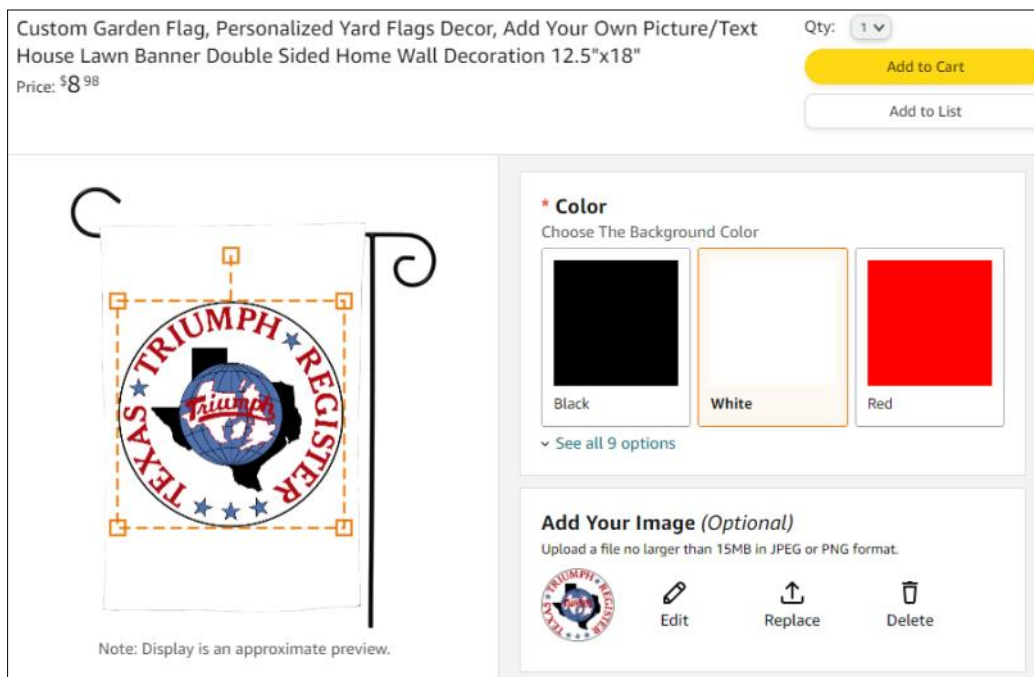

## Key Steps:

1. Download the TTR Logo that will be used on the flag. There are two logos available for download, the regular club logo, and the 40th Anniversary club logo. The following links will open a high-resolution logo that can (must) be downloaded to your computer....either your Download File, Desktop, or other file of your choosing. There is a download arrow on the top menu bar of the page.

[Regular club logo](#)

[40th Anniversary logo](#)

2. Go to the Amazon website to order a customized [Garden Flag](#) Click on “Customize Now” yellow button on the right hand side. You will be taken to the customization page where you can upload the TTR file you downloaded, select the background color, and re-size the logo and position on the flag. Below is a screenshot of what the page looks like after uploading the file, selecting a “White” background, and resizing the image.

3. Next - just add to the Amazon cart and finishing ordering like any Amazon order with shipping and payment information.
